Hello,

PSA would defer to the Court. I will note, it will increase the difficulty to supervise him in a different country should his travel extension and LM removal be approved. The ankle monitor would not be installed until he returns. PSA will defer to the Court's decision in this matter.

Thanks,

Subject: Cardiff Filing

CAUTION - EXTERNAL:

Hi Cathleen, I'm co-counsel on the Cardiff matter. Attached is the pleadings regarding defendant Cardiff's request for an extension of time abroad and the removal of his monitoring device. On page 3 of his application, defendant writes:

United States Probation Officer Jack Sherrod was contacted on November 11, 2024. *In response to a request by Mr. Cardiff, Mr. Sherrod stated: "Hello Jason, I will have to defer to California on this one. A 30 day extension is a long time. I don't have a reason to oppose, so that's what I will tell them. Removing the tracker poses a big problem. I understand the need its just that you will not be tracked until you come back and have it installed. The court would definitely need to address this issue."*

Would you like us to inform the Court that you need some time to review and give Probation's views on defendant's request?

Thank you, VLM
